

## **Pre-Juvenile Women U11 and U13- Cross Over Between Sectionals Competitors and STARSkate**

### **Question:**

Can a Pre-Juvenile U11 competitor at Sectional Championships cross over to compete in the Pre-Juvenile U13 category at any STARSkate competition within the same competitive year?

### **Answer:**

No, a Pre-Juvenile U11 competitor that competed at Sectional Championships may not cross over to compete in the Pre-Juvenile U13 category at any STARSkate competition between Sectional Championships and the following STARSkate Championship in the same competitive year.

Pre-Juvenile U11 skaters that wish to have the opportunity to compete in additional competitions throughout the season are eligible to compete in STAR 6 which has the same program requirements and program length.

The 2017-2018 competitive year would be from the 2018 Sectional Championship to the 2018 STARSkate Championship.

### **Logic:**

When the Pre-Juvenile U13 category was removed from the Sectional Championships, it was relocated to be awarded at the STARSkate Championships.
