

Competition Bid Application Process 2018-2019 Season

Skate Canada: Alberta-NWT/Nunavut (Section) offers a variety of competitions each season to support the development of our athletes. Hosting a competition creates opportunities for athletes to compete in their home Club/Region and showcase their talent in their community. In support of all skating programs provided by the Section, club/skating school hosted competitions will be required to submit 15% of the total competition profit to the Section. The Section office provides support to club/skating school hosted events with central registration, local organizing committee support, coaches registration and officials assistance.

PROPOSED 2018-2019 COMPETITION CALENDAR

The competition calendar is designed each season to best align with Long Term Athlete Development (LTAD) and to provide optimum opportunities for skaters of all ages and in all geographic areas. To best meet the needs of all members, the Competition Committee has developed the proposed 2018-2019 Competition Calendar. The dates and geographic areas have been identified to provide the best competitive season for the skaters.

COMPETITION BID PROCESS STEPS TO FOLLOW:

- Those interested in hosting a competition, review the 2018-2019 proposed Competition Calendar and the Application Form Requirements
- Contact your Local Region Representative to discuss the potential facility options in your area to host a competition
- Submit bids based on the dates proposed in the proposed 2018-2019 calendar.
- If an applicant wishes to bid on a competition on an alternate date than what is detailed on the proposed 2018-2019 competition calendar, they may detail that information on the bid form.
- **IMPORTANT:** applicants are to make all efforts to bid on dates that are detailed in the proposed competition calendar.
- Submit individual applications for each competition bid.

SECTION REVIEW PROCESS:

- Only completed applications will be processed.
- The Section Competition Committee reserves the right to alter the location, timing and geographic placement of competitions to allow for the best competitive season for skaters.
- Bids will be accepted based on: facility requirements, geographical locations and dates.
- Each Region has the opportunity to host a STARSkate Invitational per season with the exception of the NW/NE being combined.
- In the event there are no bids submitted for a competition or Region, the Competition Committee may seek out a host club/skating school in any area of the Section to host the competition. In this case, the competition may change locations or regions.

Submission Deadline Date: **January 22, 2018**

Questions may be emailed to: events@skateabnwtun.ca
