

Skate Canada: Alberta-NWT/Nunavut Jump Scholarship Program

2018/2019 Jump Element Scholarship for Competitive Categories (Pre-Juvenile to Senior)

The Jump Scholarship Program is designed to reward skaters for successful jumping skills in competition that are verified by the Technical Panel.

The following rules and policies apply:

1. Skaters must be members of a Section Club and represent Skate Canada: Alberta-NWT/Nunavut Section. This is a developmental program and not eligible to Nationally carded athletes.
2. This program applies to competitive categories in the following Leading Edge Series Competitions: Sunsational, Wild Rose, Fall Invitational, Sectional Championship, Calgary Winter Invitational.
3. The Jump Scholarship Program will be calculated from April 1 in one calendar year to March 31 in the next calendar year. E.g. April 1, 2018-March 31, 2019.
4. The successful elements will be submitted to the Section office by the Technical Panel following each competition. A running report will be kept and the total scholarships calculated by March 31.
5. To qualify for a scholarship, the element must be completed on one foot and verified by the Technical Panel.
6. If the element has one of the following mistakes (as determined by the Technical Panel), the skater will not be eligible for the scholarship:
 - a. <<downgraded
 - b. <under-rotated
 - c. Negative GOE total value
 - d. The skater falls on the element
7. The scholarships are awarded based on the age of the skater performing the elements rather than on the skater's competitive category. Skaters age will be calculated as of July 1 of the current Skate Canada season.
8. A skater will receive the first-time award after successfully completing the jump element in competition for the first time. After first completion, the skater will receive a small award for the second successful completion. No awards are given after two successful completions. The first and second completion must be accomplished in the same season (April 1-March 31).
9. The charts below indicate the elements awarded for each age category.

10. For this inaugural season of the program, all jumps identified as first time, starting with Sunsational, will be checked back to last season's events starting at Wild Rose in August 2017 to confirm eligibility. If successfully landed at any of the competitions before 2018 Sunsational, the jump will not be eligible for the scholarship (April 1, 2018-March 31, 2019).
