

INSPIRING ALL CANADIANS TO EMBRACE THE JOY OF SKATING

CANADA 150 SKATING DAY

The whole country came together to celebrate the Canada 150 year in one of the most Canadian of ways: enjoying a true northern winter sport... skating from coast to coast to coast!

On December 10, 2017 Skate Canada hosted 17 flagship skating events in cities across the country. To promote the diversity, inclusion and healthy lifestyle that skating represents, an integral piece of the Canada 150 Skating Day legacy was the introduction of community skate banks, allowing children without equipment the opportunity to take part – not only on December 10th, but for years to come. These skate banks will continue to exist in communities right across the nation, providing helmets and skates to children who may not otherwise have the opportunity to learn to skate. The flagship events also featured skating exhibitions and had Skate Canada coaches available to assist skaters.

Hundreds of communities across the country participated. The Skate Canada: Alberta-NWT/Nunavut hosted 4 flagship events in celebration of Canada 150 Skating Day. These flagship events were held in Edmonton, Calgary, Yellowknife and Iqaluit.

CANADA 150 SKATING DAY - THE COOLEST SKATING PARTY OF THE YEAR!

SKATE CANADA WILL HAVE A CONTINUING LEGACY OF CHAMPIONS AND BE RECOGNIZED AS A LEADER IN THE DELIVERY OF SKATING PROGRAMS

CHAIR'S MESSAGE

Dear Members of Skate Canada: Alberta-NWT/Nunavut,

The pursuit of excellence is evident in all aspects of the Skate Canada: Alberta-NWT/Nunavut Section. This year, we progressed through the final year of our 2014-2018 Strategic Plan that established goals and actions that promote the achievement of excellence. This plan is focused on five Strategic Imperatives – Skate for Life, Delivery Capacity, Brand, Partnerships and Skate to Win.

To support the Skate for Life Imperative, the Section continues to provide grants to clubs/skating schools offering opportunities for Inclusive Skating. The CanSkate@School project was launched in Edmonton and Calgary in January with 30 school classes for a total of over 700 students participating. One class included skaters with special needs and this project was very successful for all involved. Hopefully, this will inspire many Canadian children to embrace the joy of skating by registering in a local CanSkate program. For the second year in a row, Adult Skaters had the opportunity to pursue excellence by participating in a seminar with Elvis Stojko. Synchronized Skating teams are supported every year in their pursuit of excellence through monitoring of programs and development camps.

Many clubs and skating schools embraced the STAR program this season. Coaches prepared by completing online learning modules. Pursuing excellence for STARSkaters is enhanced with changes to the delivery of the program, revised skills and a new method of testing.

Increasing delivery capacity is an important focus for our Section. A Coach Mentoring Program was developed by the Coaching Committee and a pilot with 3 clubs was initiated this spring. With expansion of this initiative next year, an avenue is available for coaches and clubs to pursue excellence in the delivery of programs. Our valued officials continue to increase capacity for excellence by gaining knowledge and experience and working diligently to achieve promotions.

Our new governance structure is another example of pursuing excellence. Staff and volunteers lead the operational aspects of meeting the needs of our members. The Policy Board and Board Standing Committees pursue excellence while setting direction, developing policies, strategic planning and monitoring performance against the set direction. This year we embarked on the process of developing the 2018-2022 Strategic Plan that will guide us over the next four years as we continue in the pursuit of excellence. We are proud of the work that has been done over the past 4 years to achieve our goals and look forward to new challenges.

CHAIR'S MESSAGE

The Skate Canada: Alberta-NWT/Nunavut brand was well represented at Section events as we partnered with host clubs to deliver three championships events: Sectional Championships, Mountain Regional Synchronized Skating Championships and STARSkate Championships.

Several clubs/skating schools throughout the Section participated in the Canada 150 Skating Day held on December 10, 2017. This exciting skating day provided an opportunity for all Canadians to embrace the joy of skating whether they were new Canadians trying skating for the first time or those who have been skating for years.

Building and maintaining successful relationships is important for our Section and we continue to expand our partnerships. This season we collaborated with Active Schools, the City of Edmonton and the Edmonton Oilers to successfully organize the CanSkate@School project. The Section appreciates and thanks our sponsors: Alberta Sport Connection, Alberta Figure Skating Foundation, Duso's, Enterprise and our many supporters.

What a year for our competitive athletes! They have shown us that achieving excellence is possible. We are so very proud of our athletes who competed at Skate Canada Challenge, Canadian Tire National Skating Championships, Olympic Winter Games, World Championships and several international competitions. Keegan Messing and Kaetlyn Osmond qualified to represent Canada at the Olympic Winter Games. Their pursuit of excellence paid off as they skated well and excited the fans. Keegan finished 12th overall. Kaetlyn stood on the podium with a bronze medal in the singles event and a gold medal in the team event. Then, they were both off to the World Championships. Keegan again delighted the crowd and finished in 8th place. Kaetlyn completed her season being declared the 2018 World Champion!

I thank my fellow Board members, Section staff, coaches, officials, committee members and all our volunteers for your time and commitment to our organization. You are the reason that we continue to pursue and strive for excellence.

Sincerely,

Donna Moses
Board of Directors, Chair
Skate Canada: Alberta-NWT/Nunavut

BOARD OF DIRECTOR'S COMMITTEES

At the 2017 Skate Canada: Alberta-NWT/Nunavut Annual General Meeting, the membership approved a new governance structure for the Section. The 2017-2018 season was an exciting time to work through the new structure, which also saw the development of new committees.

The Board Standing Committees are: Membership Relations Committee, Governance Committee and Finance and Risk Management Committee. The Nominating Sub-Committee and the Executive Director Performance Review Sub-Committee operate under the Governance Committee.

The responsibilities of the Governance Committee include: develop and review policies, review Section Bylaws, provide orientation and regular education to Board Directors, coordinate Board and Board member evaluation processes, advise the Executive Director in governance matters and conduct the Executive Director evaluation.

Policies Developed in 2017-2018:

- Board Member Orientation Policy
- Business Continuity Policy
- Human Resource Policy
- Competition Policy
- Interruption Management Strategy
- Financial Policies

The Nominating Sub-Committee is responsible for overseeing and managing the election processes for the Section Board of Directors, Region Representatives and Region Coaching Representatives. This was a year of transition into the new governance structure and the committee took that opportunity to continue to review the election processes and systems. The committee continues to provide election packages to each Local Region Committee to assist with those elections and to help bring awareness to those committees and volunteer roles within each region.

The Finance and Risk Management Committee had a key focus this season on developing a Risk Register for the Section. Risk management is an integrated, documented and system-wide process used to identify, assess and manage risks. This new Risk Register will allow the Board of Directors to better understand and communicate the risks of the organization to effectively achieve desired outcomes and reflect the organization's core values. Risk management will continue to be a focus of the Board of Directors as the Board works in consultation with Sport Law and Strategy Group.

COACHING

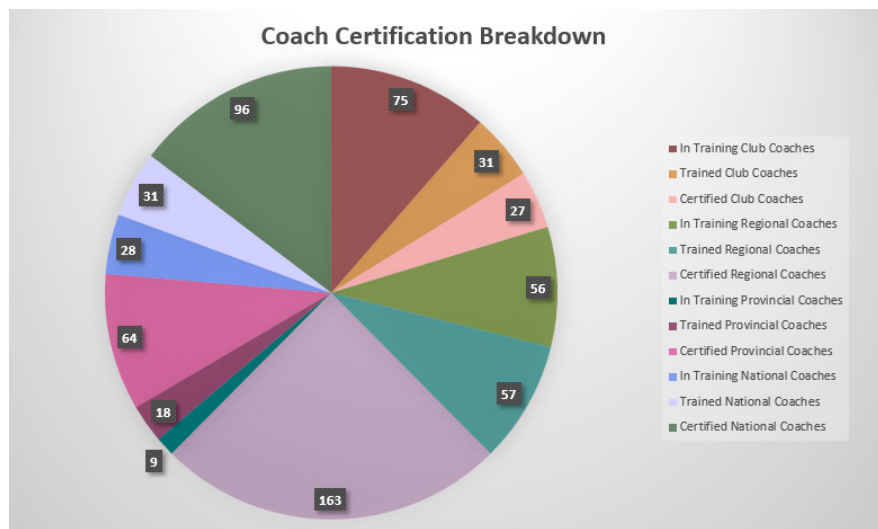

The Coaching Committee would like to recognize the many coaches that supported their athletes in attending national and international events. The committee would like to extend congratulations to the coaches of the skaters who were medalists at the national level and international competitors during the 2017-2018 season: Ravi Walia & Team, Ralph Burghart, Anabelle Langlois-Hay & Cody Hay and Kim Slopak-Weeks & Team.

The Coaching Committee works in partnership with the Coaching Association of Canada. The National Coaching Certification Program courses are aligned with Long Term Athlete Development. From the moment someone joins a club and wants to learn how to skate, to attending their first competition or test day, the volunteers in our clubs are supportive and eager to provide assistance. Clubs/skating schools were busy this season reviewing their bylaws, policies and procedures, to identify any potential gaps and to make recommendations for positive changes. The Skate Canada Safe Sport program continues to develop and provide support to all members to participate in Skate Canada programming in a safe and respectful environment. A Respect in Sport online module for coaches was available this season as an additional professional development tool.

The response from students and teachers alike has been overwhelmingly positive. The total number of children participating in the CanSkate@School program so far is 291! Ten enthusiastic Skate Canada coaches taught the children with Leona Boyle coordinating the program.

MEMBERSHIP

Skate Canada: Alberta-NWT/Nunavut's overall membership continues to increase each season. The Section maintains a strong focus on educating our clubs and skating school about the importance of all Skate Canada programs and to offer a wide variety of programs to encourage everyone to Skate for Life.

Over the past 4 years of the Strategic Plan, the Section has continued to support the development of our coaches, officials, clubs and skating schools to increase the delivery capacity to support our skaters' growth and development. The 2017-2018 season has seen an increased number of coaches being registered and officials in all disciplines have seen a growth in promotions. The Section also welcomed two new clubs this season: Skate Morinville in the Edmonton Region and the Southern Alberta Skating Academy in the South Region.

A key initiative this season was the development of a Membership Data Working Group. The purpose of the working group was to determine the Section's membership data requirements, analyze currently available information and develop recommendations related to the goals/objectives of the Membership Relations Committee. The working group reached out to each Section Committee and stakeholder group to gather details relating to the membership and demographics. The Working Group then analyzed the data to identify any potential gaps and analyzed the information gathered for trends as it relates to the Section's Strategic Plan and objectives.

A Club/Skating School Data Survey was distributed to all member clubs/skating schools in March 2018 to gain specific statistic information on the number of individuals that are registered in each program in each club/skating school. This information gathered will provide valuable statistics required for Section reporting and assist with strategic initiatives.

SKATE CANADA: ALBERTA-NWT/NUNAVUT IS THE THIRD LARGEST SECTION OF SKATE CANADA WITH 24,409 REGISTRANTS IN 160 CLUBS AND SKATING SCHOOLS, AS OF MARCH 31, 2018.

The No Risk Element Event was held in conjunction with the Brian Pockar Male Seminar. This event was a year three initiative of the Canada Winter Games funding. A total of 21 skaters were selected to attend based on their technical program content at the Sectional Championships. Skaters performed a short program and isolated elements over two days and shared a talk with the male seminar skaters conducted by Keegan Murphy, Scott Davis, Jeff Langdon and Angela Duffy.
