### Creative Events

#### **Creative Event Star 2 & 3**

Skaters will hear a piece of music selected by the host club, twice during the warm up; skaters will have the full ice surface to perform a creative program that complements the music. Skaters are encouraged to NOT choreograph routines. Music selections will be a maximum of 45 seconds long and each flight will have a different music selection.

Flight selections will be made according to age and level. Three Program Components will be assessed to standard: Skating Skills, Performance and Interpretation. Skaters do not compete against each other for a ranking since awards are based on performance standards alone.
