Athlete Funding

Program Overview

This guide provides all members of Skate Canada: Alberta-NWT/Nunavut Section (the “Section”), parents and administrators with an overview of the High Performance Athlete Funding Program.

The Section is committed to supporting the development of figure skating within Alberta, the Northwest Territories and Nunavut by providing financial support when available to athletes who have demonstrated success by meeting the funding eligibility standards.

All funding categories are reviewed by the Athlete Funding Working Group, which is a sub-set of the Athlete Development Committee.

The Section acknowledges the financial support of the Ministry of Sport, Physical Activity and Recreation Alberta Culture Multiculturalism and the Status of Women as well as the Alberta Figure Skating Foundation.

All funding assistance is dependent on available funds.

Funding categories:

Support

- Discretionary Funding
- Train to Compete/Learn to Win Enrichment

Achievement

- Gold, Silver, Bronze Funding
- Jump Scholarship Funding

Skate Canada Assignment Funding

- International Event Funding
- Next Gen Funding

Overall Eligibility

Funding is determined based on the athlete’s successful performances at Skate Canada Challenge and Canadian Tire National Skating Championships.

Athletes who are Skate Canada National Team members are only eligible for Skate Canada Assignment funding.

Singles Competitors: Athletes eligible for funding must be registered with a Section club and represent the Section.

Pair and Dance Competitors: One or both athletes eligible for funding must be registered with a Section club and the team must represent the Section. Should a partnership dissolve, each partner will only be eligible for funding if they continue to compete with a new partner and represent the Section the following season. The following guidelines will also apply:

- Each continuing partner will receive half of the team’s allocated funding.
- No funds will be allocated if either partner continues and does **not** represent the Section.

Athletes who receive funding are encouraged to send a letter of appreciation to the Section and to Ministry of Sport, Physical Activity and Recreation Alberta Culture Multiculturalism and the Status of Women as well as the Alberta Figure Skating Foundation.

Support

Purpose: This funding is meant to support athletes by meeting financial needs where required and by supporting value added training opportunities.

Discretionary Funding

Eligibility

This funding is available to athletes who may be experiencing financial need. Applicants may submit funding requests for a specific need and must include a budget as part of the application including a brief description of the financial barriers.

Applications from athletes new to the Section, athletes returning to compete for the Section or newly formed Pair and Dance teams (approved by the Working Group) may also be considered.

Illness or injury that prevents a qualified athlete from competing at the Skate Canada Challenge will be taken into consideration.

Timeline

Applications will be reviewed by the Working Group by the following dates:

- May 15
- August 15
- November 15
- February 15

After each review period, successful applicants will be notified and funds disbursed.

Application Review Process

- Applicants must complete an online submission located at <https://skateabnwnun.ca/athletes/athlete-funding>
- Athletes may submit one application per competition year. In exceptional circumstances, an additional application may be considered.
- Submission will include a budget detailing funds being requested and a brief description of the financial barriers
- Coaches must complete athlete competition goals as part of the application

Train to Compete/Learn to Win Enrichment

Eligibility

This funding is intended to support eligible athletes within the Train to Compete and Learn to Win stages of development and is open to athletes on the Alberta-NWT/Nunavut Section Select Team.

Funding must be used to support participation in one or more of the following:

- a sanctioned international event (North American Cup (NAC))
- Summer Series event (excluding Wild Rose Competition)
- a spring or fall competition outside of the Section
- selection for recognized Skate Canada High Performance opportunities

Timeline

Applications will be reviewed by the Working Group by the following dates:

- May 15
- July 15
- November 15
- February 15

After each review period, successful applicants will be notified and funds disbursed.

Application Review Process

- Applicants must submit an online application that includes the athletes Yearly Training Plan (YTP) for the current season for funding consideration located at <https://skateabnwtun.ca/athletes/athlete-funding>
- Athlete will include goals for each event applied for
- Separate applications must be submitted for each review period

Coaches must submit a letter of support stating why this specific event/opportunity is valuable in the development of the athlete(s). (For each event/opportunity applied for).

Achievement Funding

Purpose: This funding is to reward the successful outcomes in their individual jump accomplishments and National Events that require qualifying- Challenge and National Championships.

Timeline

Gold, Silver and Bronze funding will be disbursed in February/March of each competition season.

Funding Review Process

No application needs to be submitted for this funding. Funding will be disbursed following based on standings from Skate Canada Challenge, Canadian Tire National Skating Championships and Skate Canada Synchronized Skating Championships.

Jump Scholarship Funding

The Jump Scholarship funding is designed to reward skaters for successfully completing difficult jumps in competition.

Eligibility

This program applies to competitive categories in the following Leading Edge Series Competitions: Sunsational, Wild Rose, Fall Invitational, Sectional Championships, Calgary Winter Invitational.

Timeline

The Jump Scholarship Program will be calculated from April 1 in one calendar year to March 31 in the next calendar year.

Additional events for achieving jumps will be considered following the submission of an application within one month of the jump having been achieved.

- Skater detail sheets must be uploaded as part of the submission.
- Eligible events
 - Canada Winter Games
 - Alberta Winter Games
 - Skate Canada National Skating Championships
 - Skate Canada Challenge
 - NAC competitions
 - ISU Internationals events

Applications to be submitted at link located at <https://skateabnwnun.ca/athletes/athlete-funding>

Funding Review Process

The successful elements will be submitted to the Working Group following each competition. A running report will be kept and the total scholarship calculated by March 15.

To qualify for a scholarship, the element must be completed on one foot. If the element has one of the following mistakes, the skater will not be eligible for the scholarship:

- << downgraded
- < under-rotated
- negative GOE total value
- the skater falls on the element

The scholarships are awarded based on the age of the skater performing the elements rather than on the skater's competitive category. Skater age will be calculated as of July 1 of the current Skate Canada season.

A skater will receive the first-time award after successfully completing the jump element in competition for the first time. After first completion, the skater will receive a small award for the second successful completion. No awards are given after two successful completions. The first and second completion must be accomplished in the same season (April 1-March 31).

The charts below indicate the elements awarded for each age category.
