HOW DO YOU FEEL YOU CAN CONTRIBUTE TO THE CALGARY REGION COMMITTEE AND SECTION COACHING COMMITTEE:

I have a flexible schedule with my personal training and coaching position so I have the time to get information out to clubs and coaches that come from the Section. I love everything about skating and want to help skaters become the best version of themselves. My son plays competitive baseball and went to the World Series in 2018 and 2019 as well as Alberta Winter Games for Hockey. As he pursues a professional hockey career I am now at a point where I have time to give back more to the sport of figure skating and help it grow.

I am professional, organized, computer competent, committed and operate with integrity. I know many coaches in the Calgary Region as my mom was also a National Coach for over 30 years. Ice is in my DNA and once you have "caught the skating bug" you want to be a part of the journey for life.
