

## 2024 – 2025 Season

### Clarification of Star 5 & 7 Artistic Program Component Scores

December 3, 2024

The 2024-2025 Star Program Requirements Guide was updated October 2024, stating that only two program components would be used for Star 5 & 7 Artistic programs. That was incorrect and the Star Program Requirements Guide has been corrected to state that three program components are marked for Star 5, 7 9, and Gold Artistics.

At Star Series 1, two (2) program component scores were provided for the Star 5 & 7 Artistic programs – Presentation and Skating Skills. The composition score was not provided. This was following the Skate Canada documentation which was provided for that competition.

To maintain consistency in the scoring at all StarSkate Qualifying Competitions, two (2) program component scores (presentation & skating skills) will continue to be provided for the remainder StarSkate Championships qualifying competitions (Star Series 2, Star Series 3, Star Series 4 & Star Territorials).

This will provide a consistent scoring tracking for all skaters in Star 5 & 7 Artistic as they compete in the StarSkate Championships qualifying competitions.

The following chart provides an overview of the program component scores being provided for Star Artistic programs:

<b>Competition</b>	<b>Star 5 &amp; 7 Artistic Program Components Being Scored</b>	<b>Star 9 &amp; Gold Artistic Program Components Being Scored</b>
Star Series 1, Star Series 2, Star Series 3, Star Series 4 & Star Territorials	Presentation Skating Skills	Presentation Skating Skills Composition
2025 StarSkate Championships	Presentation Skating Skills Composition	Presentation Skating Skills Composition
