Experience Relevant to the Skate AB | NT | NU Board of Directors

Skating has been a big part of my life for most of my life. I am passionate about the sport of figure skating, health and wellness, as well as excellence, achieving potential and success with supportive structure.

I believe that the many years of experience that I have with the sport starting with participating on the ice as a skater, volunteering, and many roles with the CSSC club executive would be valuable to contribute to supporting the foundation that Skate AB | NT | NU has, along with continuing and creating a fantastic future for all skaters.

Communication and teamwork is something that is innate to me so I would bring this to the role. Professionalism, organizational and interpersonal skills are very important in my sales career working with physicians and I would bring those skills to the Skate AB | NT | NU Board as well. Thank you for considering me for a Director position.
