Relevant Education, Career and Volunteer and Skating Experience

As senior legal counsel at a large international company I have both lead teams as well as been part of teams managing change within a corporate setting. I have a Bachelor of Commerce degree from Queen's University and a Bachelor of Laws from the University of Calgary. I have been practicing law for 18 years in corporate commercial roles where I have been responsible for reviewing and drafting contracts and policies as well as providing counsel and advice on legal and strategic issues. For the past several years I was responsible for leading the charitable initiatives for my company, including organizing and running numerous volunteer activities and fundraisers.

I skated in my youth, throughout university on a Varsity Figure Skating team, and have returned to figure skating as an adult by joining a synchronized skating team. For the past 3 years I helped to organize the Calgary Synchronized Skating Club (CSSC) annual Rose Bowl competition, including coordinating all media communications, developing promotional material and coordinating the opening and closing ceremonies. I have recently become a qualified Star 1-4 Event Assessor and am working towards my Star 6-Gold Evaluator certification. I am also a parent with children that participate in figure skating in both the star and podium pathway programs in Alberta.

My years of experience practicing law provides me with a strong background in corporate governance and compliance, as well as an overall understanding of relevant legal obligations.

My many years involved in figure skating, including as a competitive figure skater in the past and now as an adult synchronized skater, having children in Skate Canada programs and my involvement as an official, has provided me with a strong understanding and knowledge of the sport and a good perspective on various interests within the Alberta skating community.

These skills and perspectives would enable me to develop policies, create strategic direction and deliver results for Skate Canada: Alberta-NWT/Nunavut. I have a passion for skating and a
