

Skate AB | NT | NU Sectional Championships Qualifying Technical Element Scores (2026-2027 Season)

The following minimum Free Program Technical Element Scores are required for entry into the 2027 Skate AB | NT | NU Sectional Championships, taking place October 29–November 1, 2026.

1. The minimum Technical Element Scores below apply when achieved under the **2025-2026** program requirements. Scores must have been achieved from October 30, 2025, onward.
 - Pre-Juvenile U11 Women – TES 9
 - Juvenile U12 Women - TES 10
 - Juvenile U14 Women - TES 11
 - Pre-Novice Women - TES 17.5
 - Novice Women - TES 22
 - Junior Women - TES 27
 - Senior Women - TES 32
2. The minimum Technical Element Scores below apply when achieved under the **2026-2027** program requirements. Scores must be achieved before the conclusion of the Fall Podium Pathway Invitational on September 27, 2026.
 - Pre-Juvenile U11 Women – TES 9**
 - Pre-Juvenile U13 Women – TES 10**
 - Juvenile U12 Women - TES 10**
 - Juvenile U14 Women - TES 11**
 - Pre-Novice Women - TES 18
 - Novice Women - TES 19
 - Junior Women - TES 26
 - Senior Women - TES 31

** Scores from STAR 5 and STAR 6 categories may be used to qualify for Pre-Juvenile and Juvenile events. Please note that if a qualifying score is achieved using a Choreographic Sequence (ChSq) instead of a Step Sequence (StSq), the required TES will be 1.9 points higher than the scores listed above. This adjustment accounts for the higher base value of the Choreographic Sequence.

Example: A program using a Step Sequence requires a TES of 9.0 to enter Pre-Juvenile Women U11, while a program using a Choreographic Sequence requires a TES of 10.9.

Scores from Star categories will not be accepted for Pre-Novice through Senior.

Scores will be accepted from competitions outside of the AB | NT | NU Section.
